

Dear Valued Customer,

As we move into another spring season, we'd like to thank you for your continued loyalty to Reggie's Oil. Your support and patronage allow us to continue doing what we love most—providing home comfort and warmth to our friends and neighbors in the Greater Boston area.

The weather's starting to warm up, and we'd like to remind you that now is a wonderful time to invest in a new, high-efficiency air conditioner for your home. Not only is it tax-return season, but investing in new equipment at the start of the year's warm season will give you savings on electricity all summer long.

In addition, if you'd like to get a quote on a new home heating system replacement, we'd be more than happy to help you out. Scheduling a consultation or installation now will give you plenty of time to budget and plan for your new furnace or boiler before the winter is once again knocking on our door.

Thank you for your continued support! We appreciate your family and your business.

Sincerely,

Reggie's Oil

WHAT'S INSIDE:

- 10 reasons to upgrade to high-efficiency A/C
- Central vs. ductless air conditioning units
- Secure online bill-pay option
- Why to schedule a high-efficiency heating installation
- The Reggie's difference: Bioheat & Fuel Guard Plus

WITH REGGIE'S AIR CONDITIONING SERVICES

Spring is officially here! We've compiled 10 reasons to schedule your new high-efficiency air conditioning installation right now.

1. Enjoy seamless cooling all spring and summer long
2. Keep your family safe and happy during the heat waves
3. Enjoy greater energy efficiency with our high-tech equipment
4. Choose from ductless or central A/C to fit your needs
5. Save more money on electricity with a high-efficiency model
6. Reduce your risk of a mid-summer A/C breakdown
7. Spend less on service repairs and replacement parts
8. Give your family a safe place to rest after a day of fun in the sun
9. Get a free quote by contacting Reggie's at (617) 471-2095
10. Increase the eventual resell value of your home

DUCTLESS MINI-SPLIT AND CENTRAL AIR CONDITIONING

DUCTLESS MINI-SPLIT:

- ✓ Great for zoned or whole-home cooling
- ✓ Perfect for homes without existing ductwork
- ✓ Popular for additions or add-ons where ducting does not reach
- ✓ Some models come with a heat pump for supplementary warmth
- ✓ Sleek design and remote-controlled operation on any wall

CENTRAL AIR CONDITIONER:

- ✓ Designed for both zoned and whole-home cooling
- ✓ Perfect for homes with existing ductwork or forced hot air
- ✓ Invisible, quiet, in-home cooling at the touch of a button
- ✓ Significantly increases the value of your home
- ✓ Condenser stored outside for more indoor wall use

WHAT ARE YOU WAITING FOR?

Pick up your phone and call (617) 471-2095 today for a no-obligation quote, a consultation, or an installation appointment. We look forward to keeping you cool and comfortable.

HIGH-EFFICIENCY EQUIPMENT INSTALLATION

SCHEDULE ONE THIS SUMMER

With spring in full swing, your heating equipment might be the last thing on your mind. But don't head to the beach quite yet! Believe it or not, spring and summer are the best time to install your next home heating or water heating equipment. Here are a few reasons why:

HAVE A MORE FLEXIBLE TIMELINE

Planning your hot water heater, furnace, or boiler installation while the weather is warm gives you more time to plan financially for the installation. When you call Reggie's for a no-obligation quote on your new heating system, you won't be in a rush to get it installed in a week to get ahead of the weather.

STRESS LESS ABOUT HEATING

When the weather is warm, you don't need heat on a day-to-day basis. Instead, you can block out a day of your choice for your new high-efficiency heating equipment to be installed. There's no need to worry if your pipes will freeze if you book your installation for April or May!

GET OFF-SEASON PRICING

Supply and demand can sometimes affect the pricing of equipment and parts necessary for an installation. Spring and summer are the best time to get competitive deals on your installation. Contact us to see if we're running any specials you can take advantage of!

GET YOUR NO-OBLIGATION QUOTE TODAY BY CALLING OUR TEAM AT (617) 471-2095!

START PAYING YOUR BILL LIKE IT'S 2020
